

3RD ANNUAL NATIONAL ADVANCED PRACTICE PROVIDER WEEK

DATES: SEPT. 25-29, 2023

A team of advanced practice leaders across the country is thrilled to coordinate the 3rd Annual National APP Week. With over 100 participating organizations and representing over 40,000 advanced practice providers, this year's National APP Week celebration – hosted by UK HealthCare – is a chance to bring attention to the hard work and unique roles played by APPs. Under the theme “**APPsolute Excellence**,” we are coming together and recognizing APPs across the nation while creating more awareness and highlighting the importance of a united model for advanced practice.

Celebrating Certified Registered Nurse Anesthetists, Clinical Nurse Specialists, Nurse Midwives, Nurse Practitioners and Physician Assistants/Associates.

Visit nationalappweek.com for more information.
